## AUPO/RPB RESIDENT AND FELLOW RESEARCH FORUM ABSTRACT SUBMISSION DEADLINE: OCTOBER 1, 2010

The AUPO Board of Trustees is proud to announce the AUPO/RPB Resident and Fellow Research Forum. AUPO was founded to promote excellence in ophthalmic education. The AUPO Board of Trustees believes strongly that skills learned by participating in research are an invaluable component of the education of an ophthalmologist. The establishment of the AUPO/RPB Resident and Fellow Research Forum is an acknowledgment by AUPO of the importance of research in ophthalmic education. The Forum is intended to encourage the most promising house officers to pursue a career in academic ophthalmology and vision research.

The AUPO/RPB Resident and Fellow Research Forum will be held during the annual meeting of AUPO. Residents or fellows, carrying out research on a full or part-time basis in any approved residency training program in the United States and Canada may apply to participate in the forum. Medical Students doing a full year of research may also apply. Research content should reflect ongoing or very recent research that has not yet been published or accepted for publication at the time of submission. Abstracts of research carried out by candidates should be submitted to David L. Epstein, MD, AUPO/RPB Forum Chair, at the address listed on the application. **The deadline for receipt of abstracts is October 1 each year.** Abstracts should be in ARVO format. **Please note: the *introduction* should contain a single sentence statement of the hypothesis, and the *conclusion* a single sentence statement of the relevance of the work to the prevention of blindness (why the study is therefore important).** The abstract must be accompanied by a supporting letter from the candidate's Department Chair and a one-page curriculum vitae. The abstract should indicate the percent of "hands-on" effort of the abstract work actually performed by the candidate. No candidate may submit more than one abstract, although there is no limit to the number of abstracts that may be submitted from any department. In general there should be only one submission from the laboratory or program of an individual scientific faculty preceptor. Applications across the full spectrum of ophthalmic diseases are encouraged. A winning presenter is eligible to present only once at an AUPO annual meeting. An AUPO Committee will review the abstracts and notify successful candidates by November 30. A maximum of 4 candidates will be chosen to present their research at the annual meeting.

Each year, AUPO schedules a session for the Resident and Fellow Research Forum as an integral part of the AUPO annual meeting. The 2011 Forum will be held at The Firesky Resort in Scottsdale, Arizona, on Friday, January 28, 2011. AUPO will be responsible for all travel-related expenses in keeping with AUPO reimbursement guidelines. The winners who present their research will receive a cash award of \$500 plus a commemorative certificate.

The AUPO Trustees and members wish to express their appreciation to Research to Prevent Blindness, to its Board of Directors, and to David F. Weeks, Chairman, and Diane S. Swift, President, for the generous grant to AUPO that has made possible the Resident and Fellow Research Forum. The AUPO Trustees hope that this forum will continue to promote excellence in research by residents and fellows and to identify and support those individuals considering a career in ophthalmic research. Additionally, this forum will serve to familiarize AUPO members with ophthalmic residents and fellows who show unusual promise for productive careers in academic ophthalmology.
